HARRY J. NELSON,
FRED DAVIS,

Selectmen of Cornish, N. H.

A true copy of Warrant—Attest:

JOHN M. TEWKSBURY,
HARRY J. NELSON,
FRED DAVIS,

Selectmen of Cornish, N. H.

Dear Friend:-

At the last Town Meeting of the Town of Cornish, New Hampshire, the people voted to have a Town Cemetery Association under the supervision of the Selectmen who would appoint one person to act as Sexton of all the cemeteries and who would employ such additional help as would be necessary to take proper care of the cemeteries of the town and beautify them as far as possible using such money as might be available.

Many of the lots in Cornish Cemeteries already have funds invested to insure perpetual care but in many cases where the fund is small the interest is so low that it allows only a small amount of work to be done on the lots each year. It is the desire of those interested in the Association that all persons interested who have relatives or dear friends buried in Cornish be given an opportunity to donate towards this project. No stated amount is asked. That is up to the donor. Any amount from one dollar up will be accepted and a receipt sent to the donor.

The funds received in this way will be used partly for the immediate work on the cemeteries and the remainder will be invested for future use whenever needed. Also a donor may specify which cemetery the gift or proceeds of the gift is to be used in. For instance: a gift might be in memory of some person who was buried in a certain cemetery and would naturally be used in that cemetery.

It is the aim of the Association to make the final resting places of those loved ones more beautiful and well kept and in so doing perpetuate the memory of those who have gone on to their rewards.

Any gifts may be sent to Cornish Cemetery Association.

Very sincerely,

Cornish Cemetery Association.

FOREST FIRE WARDENS REPORT FOR YEAR ENDING
JANUARY 1, 1946

Number of fires in town	2
Number of acres burned over	145
Number of investigations	1
Number of permits issued	25

We have had a very good fire season the past year with only two small forest fires and less than an acre burned over. Let's see if we can get by the coming fire season with no fires. I think we can do it if we all pull together as we have in the past. Be sure and get a fire permit anytime except when the ground is covered with snow.

Respectfully yours,

L. R. LOVEJOY,
Fire Warden of Cornish, N. H.

REPORT OF TRUSTEES OF GEORGE H. STOWELL FREE LIBRARY

To the Citizens of Cornish:

We report the following library activities. The Home Economics Club held their meeting at the library one evening. Mrs. Dean had an appropriate display of new books and the library gained several new patrons. About forty parents and children visited the annual School Exhibit, Memorial Day. Many visitors enjoyed the Book Week exhibit, also.

The repairs have been minor this year but the floors have finally been varnished.

The continued increase in costs of services, books and supplies must be met and we have found it necessary to ask for a larger fund from the Town. The increased circulation of books and magazines warrants it.

The librarian's records provide the following statistics:

Total visitors at library	1404
Books loaned at library	2421
Books loaned to South Cornish community	107
Books loans to schools	502
Magazines loaned at library	1109
Magazines loaned to schools	24
Books borrowed from State Library	16
Books borrowed from Bookmobile	100

We sincerely thank the following for gifts of books and magazines:

Mrs. Robert Barrett, Mrs. P. F. Burr, Mrs. C. W. Crane, Mrs. Robert Penniman, Mrs. Charles Weld, Mrs. F. J. Morse and Ralph A. Brown.

Respectfully submitted,

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Cornish qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the ninth day of March, 1946, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
9. To see if the District will raise and appropriate the sum of \$100.00 for a dental clinic.
10. To see if the District will raise and appropriate the sum of \$375.00 for outside painting and shingling and installing three sinks.
11. To transact any other business that may legally come before this meeting.

Given under our hands at said Cornish this eighteenth day of February, 1946.

SUPERINTENDENT'S REPORT

To the Cornish School Board:

It is to be deplored that Mr. Mason could not give you the benefit of his long years of experience and his keen judgment in this report.

A survey of the schools and the school needs of Cornish was made a short time ago by Mr. Paul Farnum of the State Board of Education. If that report is printed in your Town Report, I should like to call special attention to it.

As compared with a great many rural towns, the total educational needs of Cornish are not being met. He has called particular attention to sanitary conditions that are very expensive to remedy in a modern manner. Location of buildings, playground facilities and space, contour of the terrain, sanitary conveniences, lunch preparation, and ventilation might all be improved by a new building. A smaller number of grades per teacher is a great advantage educationally as well as in obtaining teachers.

If methods of financing a new building can possibly be found it is my belief that it should be constructed. It has been my general experience that excluding the costs of repayment of principal and interest the cost of schools in Cornish would not be less and might be somewhat more, but the return on your investment would be immeasurably greater. When I say that the cost probably would not be less, I am speaking in general and from past experience in observing costs in various towns. The one item of transportation usually is the deciding factor of whether it will cost more or less than at present. I wonder whether a community can afford to fall behind in terms of educational and other advantages in raising the next generation.

The shortage of teachers is as true today in the elementary school field as it was last year at this time. While there are more secondary teachers available there will not be a surplus of elementary teachers for many years to come.

While I have seen but little of your teachers, it would appear at present that all of your schools were conducted in good order and by capable teachers.

Respectfully submitted,

GUY H. CLARK,

Acting Superintendent of Schools.
